GUARDIAN

SL5X4

TWIN SPINE

TWIN SPINE

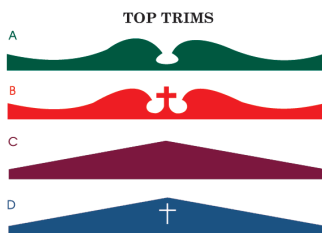

The design features structural support of heavy gage powder coated tubular steel, giving maximum wind resistance up to 150 mph. The structural steel frame is hidden inside. The base support is shipped prior to the sign, allowing the church to install the base in concrete first, then erect the sign immediately when it arrives. Included is a cowling and a .125" aluminum frame.

CUSTOM DESIGNED TO FIT YOUR NEEDS!

SAVE MONEY BY REVITALIZING

4 INEXPENSIVE WAYS TO UPDATE YOUR EXISTING SIGN!

Can't afford a new church sign? Revitalize your old one! This thirty year old sign was made to look like new with a new emblem, name plate, inner copy board, and letter set all for less than \$800 plus tax and shipping.

1. EMBLEMS

HEM-MC HEM-TC HEM-RC

Aluminum and powder coated cross emblems are 7 1/4 inches high and attach with hidden screws. The price for standard emblems is \$50 each.

Custom emblems are available on request.

2. NAME PANELS

All name plates are custom manufactured. Call with dimensions for a quote.

3. INNER COPY BOARDS

All copy boards are removable from the Bulletin Board. Quickly and easily replace your old copy board with a great looking new one. Our boards are easy to use and easy to read! You will also want spare boards on hand to change messages inside during bad weather or for notices in the fellowship hall, etc. Virtually any size is available up to 90" wide. The extruded aluminum rails have a black or white powder coated finish. The 3/4" aluminum frame is

coated the same color as the rails. Both Sure Grip and Traditional Letters fit on these boards.

Please call for prices.

4. LETTER SETS

SURE GRIP LETTERS

Sure Grip aluminum lithographed letters are designed not to move if the message board is bumped or conditions are windy when the message is being changed. Sure Grip Letters hold on to the rails of the message board at the top and bottom of the letter. Letters are available in white-on-black background (for black message boards), or black-on-white background (for white message boards).

CROSSES

GROUND MOUNT CROSSES

The ground mounted free standing crosses add a simple yet distinctive and elegant symbol to your church.

- Made of heavy gauge aluminum tubing for strength and long life
- Powder coated in your choice of colors for long lasting beauty
- Engineered to withstand coastal winds up to 130 MPH
- Mounted on stainless steel bolts provided for installation into your concrete foundation
- Several standard crosses available or ask us to design and build your custom cross
- Instructions provided for easy installation without the need for a crane or hoist

CORPUS INSTALLATION

MPC Church Signs can build an indoor or outdoor cross to hold your corpus for an elegant and moving presentation. Your cross can be ground mounted, wall mounted, or hung from overhead cables. We will work with you or your architect to design and produce the perfect solution for your church, columbarium, or cemetery.

DAY

NIGHT

FRONT ILLUMINATED CROSSES

- Internally illuminated, showing the red flame and the white cross at night
- Lighted with low voltage white LED's lights with five year factory warranty
- .063" thick pre-finished aluminum returns (the "sides" that gives the emblem depth)
- .177" thick translucent acrylic for the colored area of the emblem
- .177" thick translucent white polycarbonate face for cross
- Wall brackets provided. Customer will supply fasteners appropriate for the construction of their wall.
- UL listed by manufacturer

Any of our crosses can be front illuminated. Call us for a quote.

BACKLIT CROSSES

Any of these crosses can be backlit to draw attention and highlight your church. LED's offer a dependable source of lighting with a life expectancy of 100,000 hours. 12 volt operation keeps the energy cost very low. They are the most technologically advanced backlit cross on the market today. Send us a digital photograph of your proposed installation site and receive a free artist's rendering of a cross for your church.
